**LARGE FORMAT FILM PROJECTION THEATRE:** You often see 'larger than life' films in a 35mm film. What if the film's colossal size is 10 times larger than used in regular theatres and 3 times larger than standard 70mm film used in classic Hollywood epics. With a seating capacity of 327 persons, our magnetic theatre projecting Large Format films on 23 meter-tilted dome is sure to give you larger-than-life thrill. It is a mesmerising visual treat to watch the full-scale spectacle and experience the delight of sound clarity!

20th Birthday of Sri Guru Gobind Singh Ji
26th Republic Day

**JANUARY**

**Open 365 Days**
Learn about Environment and Sustainable Development. With no equal in the country, Climate Change Theatre is unique in its conception. A novel experience-filled theatre showing videos on two screens - flat and dome shaped. It illuminates static as well as moving fibre glass objects using special light and sound effects, as the video projects the storyline of the film. The 25 minute show gives an overview of the magnitude of the global climate change and its devastating impact.
Observe the objects fly out of the screen from every direction and creepy characters pouncing at you making you feel part of action and adventure! The use of three-dimensional computer graphics, videos and the most advanced animations leave the people of all ages stunned.
APRIL

02nd Good Friday
13th Vaisakhi
14th Birthday of Dr. B.R Ambedkar
21st Ram Navami
25th Mahavir Jayanti

Open 365 Days

Open 365 Days
This optical illusion will make you doubt your eyes. Set up in Illusion gallery, Ames room creates an optical illusion in which people or objects appear to grow or shrink while moving from one corner to the other. It was invented by American scientist Adelbert Ames, Jr. in 1946.
Life through the Ages

Live millions of years in a few minutes! Showcased in a dome structure of 80-feet diameter, the panorama is divided into 16 different sections through sensor based 2D and 3D models which suddenly spring into action as you pass through. The gallery provides an exhilarating experience with massive background paintings.
Feel the excitement of the Jurassic Park as the real sized dinosaurs get your adrenaline pumping! Set up in 5 acres, the park houses 26 different types of dinosaurs through 45 different dinosaur models in their natural habitat and each one has a name worth remembering. Meet the Robotic Dinosaurs and moving Dinosaur here.
We give wings to your ideas

THE INNOVATION HUB
Set up in 500 sq m area, the Hub nurtures young minds and helps develop spirit of inquisitiveness among today’s youth. Discovery Hall, Innovation Resource Centre & Hall of Fame, Idea Lab and Design Studio are just a few of the engaging facilities available. We have ‘Tod-Phod-Jod’ and ‘Kabad-se-Jugad’ labs to help you try your hands before you actualize your ideas at the Innovation Hub. We also work closely with ATAL TINKERING LABS.

04th Diwali
05th Vishwakarma Day
19th Birthday of Sri Guru Nanak Dev Ji

Open 365 Days
This 'Exhibition on the wheels' reaches out to a wider section of the Society, especially the rural population, to inculcate scientific temper in the masses. The Mobile Exhibition provides information on how science and technology benefits our lives and contributes to human development while explaining complex scientific concepts in simplistic terms.
Science City is a wonderful place to learn about Environment. We harvest 100% of our waste water, segregate our waste and compost our biomass and use that manure for our green surroundings. We use bio-toilets in areas which cannot be linked with sewer and treat our waste water in our own STP & use it for irrigation.

Coming Soon! Mathematics & Electricity Gallery

GALLERIES
- Fun Science
- Illusion & Ames Room
- Space & Aviation
- Panorama: Life through the Ages
- Cyber Space- Virtual Reality
- Science of Sports
- Amazing Living Machine
